# Scott Campbell

mail@scottcampbell.me · github.com/scampbella · scottcampbell.me

## EDUCATION

**Oregon State University** Expected June 2028

B.S. in Data Science · Minor in Computer Science

Relevant coursework: Linear Algebra, Data Structures

## EXPERIENCE

**EEG Research** | SoundTrip LLC Jul–Sep 2026

- Contributed to Nouscope, a browser-based tool visualizing EEG, heart-rate (PPG), and motion (IMU) data from Muse headsets.
- Worked with EEG traces, spectrograms, and frequency-band metrics to support physiological data exploration.
- Helped develop SoundTrip Web, an interactive 3D spatial-audio experience with immersive soundscapes.

**Private Tutor** | Menlo Park, CA Nov 2023–Jun 2024

- Taught object-oriented programming and algorithms in Java, plus AP Statistics concepts including probability and data analysis.
- Adapted lessons to a student's learning needs, strengthening technical communication and problem-solving skills.

**Digital Media Assistant** | San Francisco Wine School Jul–Aug 2023

- Organized marketing assets and reformatted and migrated blog posts to a new website hosting service.

**Cashier** | The Melt Jun–Sep 2022

- Handled customer orders and POS systems; assisted customers with self-service kiosks and related hardware.

## PROJECTS & LEADERSHIP

**President & Co-Founder** | OSU Computer Hardware Club Nov 2024–Present

- Co-founded a student organization focused on collaborative hands-on computing projects and community building.
- Led practical server-building projects and interactive team activities.

**Personal Website** | scottcampbell.me Mar 2026–Present

- Built and maintain an open-source personal site for writing, projects, and club information using HTML, CSS, JavaScript, and TypeScript.

## SKILLS

**Languages** Python, C++, R, Java, JavaScript, TypeScript, HTML, CSS

**Tools & systems** Git, GitHub, VS Code, R Studio, Linux (Ubuntu)

**Other** Statistical analysis, data visualization, technical communication, leadership
